

# The Looping Process

Source: Principles: Life and Work by Ray Dalio

1. **Goal** (describe the current goal or outcome desired):

---

---

---

2. **Problem** (describe the current or potential problem or obstacle):

---

---

---

3. **Diagnosis** (identify the root cause, focus on planning, communication, administration, or process elements):

---

---

---

4. **Design** (create a strategy to address the root cause):

---

---

---

5. **Do / Execute** (describe the next physical action to take):

---

---

---
